Duplex residences

THE HOUSE

The duplex houses of Peñas Arriba pair a ground-floor garden residence with an upper, apartment-style residence, each with its own entrance, kitchen, living-dining, three bedrooms, three bathrooms and two parking spaces. Buy one unit or both. The upper residence has a single price on every lot; the garden residence varies with the size of its garden. Two units are already built; finishes are chosen by the buyer.

ARCHITECTURE

Two independent residences per building: the garden residence opens to a private garden; the upper residence is a single level facing the view.

SITE

Blocks 1 and 5 of Peñas Arriba; the M5 units sit next to the clubhouse and pool.

MATERIALS

Stone, wood pergolas and clay tile roofs; finishes chosen with the practice.

CONDITION

Built; about six months to delivery.

POTENTIAL

Lock-and-leave living inside a gated community, with the club a few steps away.
